

WE BELIEVE *in* the POWER *of* ART.

WE BELIEVE that art is **THE MAGIC OF HUMANITY**, and every art encounter is an opportunity for a transformative experience.

In the space between us and the artwork, we find *SPARKS* of *self-discovery, joy, wonder, curiosity, and connection.*

WE BELIEVE that art is a *refuge* and has the power to teach us about ourselves. Art meets us where we are, *connects us to our feelings, and reveals our hidden truths.*

WE BELIEVE that art belongs to the viewer as much as it belongs to the artist. **ART CHANGES WHEN WE CHANGE. ART EXPANDS WHEN WE EXPAND.**

WE BELIEVE that **art connects us to each other.** When we connect with something someone made, we learn more about the world and the *joys, pains, and lives* of those living in it.

WE BELIEVE that *art challenges us to transform ourselves and our world.* Art encourages us to examine our own experiences as well as those of others, to **think critically, and to act.**

WE BELIEVE that art is *for everyone* and *by everyone*, across time and cultures, revealing the vast expanse of the human experience. Art bridges our divides and helps us communicate, understand, and **RISE TO OUR FULLEST POTENTIAL AS HUMANS.**
